Review Proposed Panguitch Trailhead Design & Funding Requirements

Cydne gave an update on the Panguitch Fremont Trail Access Trailhead that will replace the current dumpsters located near the Hospital on River Lane. She gave the group 2 designs to choose from (Alt.A-B.) State Parks & Recreation built a similar trailhead at Soldier Hollow for approximately \$70,000. Fred Hayes, the State Parks OHV Coordinator agreed to supply the bulk of the funding with the County, the Dixie National Forest Powell District, the BLM, and the City of Panguitch agreeing to supply in kind soft match funding. Cydne will keep the committee advised and update them at the next meeting. Brian Bellew suggested a groundbreaking ceremony.

Escalante City ATV Ordinance Public Hearing Update

Escalante City passed their revised OHV Ordinances that are similar to the recent Panguitch City OHV Ordinances.

Grant Updates

Cydne indicated the Grant Bill submitted last year needed to be revised and encouraged Bill to contact Fred Hayes to work out the ATV Safety Incentive portion of the Grant. Bill Weppner indicated he would like to submit a Grant to do ATV Signing on the designated ATV routes on the Grand Staircase Escalante National Monument. Brian Bellew indicated we would need to enter into some kind of signing agreement with the Monument. More information would have to be gathered.

Trail Signing Proposal Update

The Trail Signing Request for Proposals were sent out and advertised with the deadline being February 25th, 2005. Cydne expressed the need to have a review committee established and the proposals reviewed prior to the March 14th Commission Meeting.

Discuss Meeting with Towns regarding Trail Signing Needs

Once the Trail Signing Project begins, Cydne indicated the Committee needed to meet with City Officials for their signing needs.
